To Whom It May Concern:

Re: Ilan Ben-Hur, Ilan VaPerach

This is to confirm that Ilan has been working as a gardening contractor for the British Embassy since 2000.

His monthly invoices amount to approximately 5000 NIS + VAT. Previously it was 6000 NIS + VAT however we have reduced the number of houses due to fewer diplomats arriving in recent months.

Ilan has been faithful and loyal to the Embassy during the past few years. I would also like to add that he has done a good job maintaining both the Embassy front garden and the Ambassador's Residence garden.
